Mission San Jose

Santiago de Queretaro, Qro. México a 31 de may 2016

Dear friends, Balazs and Krisztina;

Dear families of MECS / CFM and FIRES Hungary, brothers and sisters in faith in Jesus Christ; for us it is a source of great joy and gratitude greet and congratulate you on the occasion of the celebration of the 20th anniversary of its foundation in this country.

We know that 20 years of these movements have a great content: efforts, time, resignation, to take risks, prayer, **work and donation** of all who have made this decision and have been from its commencement for which they have been added to this great project, which is reflected **in service to families**, and **transforms** into signs of hope for the church and society.

The vocation to work for families, responds to a mission given by our Lord Jesus, from the moment of our baptism and confirmed by us in each of the sacraments. Family challenges are many and varied, so the MECS / CFM with its own charisma, have much to do. His Holiness, Pope Francis in his Apostolic Exhortation "Amoris Laetitia" calls us all to put our eyes on Christ, to accompany, discern and integrate the fragility of marriages and support families to discover their vocation as a family, live the joy of being family and make our family, a domestic church.

We congratulate you on your challenges and joys in these 20 years of your missionary walk building new domestic churches, and invite you to continue proclaiming the joy of the Gospel of the family, being the beacon of light for the families of your country.

Fraternally in the Holy Family of Nazareth.
